Relief from Summer Headaches

Thousands of people suffer from headaches in the summer who are comparatively free from this distressing annoyance in the winter time. The reason for this is that weak or defective eyes cannot stand the glare of the sun.
Thousands of such cases of summer headaches may be relieved by proper glasses. The glasses which I prescribe are furnished you only after a careful individual examination of your particular eye defect. My system of eye examination is the perfected result of over 17 years of specialized practice and research.

Eighteen Inning Game Ends In Tie
In one of the longest games ever played in this section of the state, the Mansfield Grays battled in the Seymour Bearcats to a 7 to 7 tie here Sunday, darkness halting the game after eighteen innings. Hensley started on the mound for Mansfield, but retired after the second inning, allowing seven runs which resulted from ragged fielding by mates and a home run.
Gaskill, local pitching ace, took up the burden and pitched the next sixteen innings; allowing but three hits and holding the Bearcats scoreless.
Lefty Hoover, former Midget, went all the way for Seymour and pitched a strong game after the 6th inning, holding the Grays scoreless for the last twelve sessions.
The fielding of the two center fielders, Brake for Seymour, and Freeman for Mansfield, featured the game.

The business men of Ava consummated a deal last week where by the Ozark Southern Ry was bought by them, and plans for the re establishing of train service are being worked out. Quite a force of men are already at work putting new ties under the rails, and it is expected that freight service will be resumed within a short time. An engine will perhaps be leased from the Frisco, and will be brought to this point for service as soon as the track is in a safe condition. Consideration of road is placed at \$65,000 with a \$15,000 payment down, and other arranged in payments within a period of 5 years. Besides the Ava business men who are stockholders in the road, we understand that D. J. Landers, is also interested in a financial way, having taken stock to the amount of \$7,500. The board of directors elected at a meeting of Ava business men were C. H. Bardett, J. A. G. Reynolds, A. P. Miller, W. E. Mankin, and Jesse A. Mitchell.

In the railroad wreck just south of St. Louis last week, in which 80 persons lost their lives and 150 were injured, the list of injured contains the name of Mrs. Viola Abbington, of Wright county. We failed to learn just who this party is or from what part of the county is from.
